

2023 Arctic Winter Games

Yukon Figure Skating Team Trials & Team Selection Criteria

December 2-3, 2022

Canada Games Centre

Whitehorse, Yukon

ELIGIBILITY

To be eligible to participate in the Yukon Figure Skating Team Trial, all participants must:

- Meet the eligibility requirements described in the Team Yukon 2023 Arctic Winter Games Trial Hosting Guidelines and the 2023 Arctic Winter Games Technical Package and AWG Athlete and Cultural Performer Eligibility Policy
<https://awgicofficialwebsite.azurewebsites.net/Hosting-and-Sport-Technical-Info/Sport-Technical-Packages>
- Participate fully in the Yukon Figure Skating Team Trials to be held December 2-3, 2022 by completing both a short and free program in the discipline for which they meet the test and age qualifications and intend to compete in at the 2023 Arctic Winter Games.
- Meet the test and age criteria outlined for the Level that they are competing in as outlined in the 2023 Arctic Winter Games Technical Package for Figure Skating on or before December 2, 2022 <https://awgicofficialwebsite.azurewebsites.net/Hosting-and-Sport-Technical-Info/Sport-Technical-Packages>
- Register to compete in one of the Categories of The Yukon Arctic Winter Game Trials by the registration deadline for the Yukon Gold Nugget Championships & Arctic Winter Games Trials 2023.
- Must “be a Developing Athlete...and not have been a member of a national team in the sport in which they are competing, nor competed in, nor have been selected for an international competition as a representative of their country in the sport within one (1) year of the opening date of the Games”
- Must be Skate Canada members in good standing at the time of the trial.

TEAM SELECTION

A maximum of 8 skaters will be named to the 2023 Yukon Arctic Winter Games Figure Skating Final Roster using the following criteria:

- The two skaters having the highest combined scores (short program + free program) for each of Levels 1, 2, 3 & 4 will be named to the team roster.
- If the situation arises where there are fewer than 2 skaters in any level named to the team roster, one additional skater may be added to one or more levels for a maximum of 3 in that level to a maximum of 8 total skaters. This can occur two ways, depending on the situation:

1. If there are two levels with fewer than two skaters competing and other levels with more than 3 skaters competing at the Trials, the skater(s) with the third highest combined scores (short program + free program) will be named to the team roster in the level they competed.
2. If there is a need to choose which level would have the additional skater on the team roster, then this would be done by determining percentage score of the third place skater compared to the first place skater in each of the levels having three or more competitors. The level having the third place skater with the highest % score relative to the score of the first place skater in that level would be the first level to be allocated an additional team member.

Percentage scores will be calculated in the following manner: Score of third place skater in a level ÷ Score of first place skater in the same level X 100 = % score

- After the team is selected the next highest ranked entrant from each of the event Levels will be identified to act as an alternate should a selected team member be removed from the roster. Alternates may be assigned to the team roster in an appropriate event level at the discretion of the Team coaches.

APPEALS

Any appeals regarding competition proceedings, program scores or rankings will be addressed as per Skate Canada Protest rules.

Any concerns, questions or appeals regarding team selection shall be made in writing to the Chair of Arctic Edge Skating Club, arcticedgechairs@gmail.com, within 48 hours of the naming of the team. A three-person committee will be established by the Chair to hear and render a written decision on any disputes regarding the selection of the team roster within 7 days of receiving the appeal.
